

PAVESLIP - C66

PAVESLIP-C66 is a concentrated biodegradable, all vegetable based, VOC compliant, Asphalt Release Agent that contains no petroleum products or toxic chemicals. This product emulsifies, which allows it to be diluted up to 10 to 1 with water before application as a bed release without losing anti-sticking properties. PAVESLIP-C66 can be used in concentrated form on all hot plant equipment to prevent asphalt mix from sticking during operation.

Suggested Directions for Use

Apply PAVESLIP-C66 liberally to truck beds or surfaces to be protected before use or operation. PAVESLIP-C66 can be applied with a hand held sprayer or pneumatic spray system. Prior to spraying with a handheld, agitate canister.

PAVESLIP-C66 exceeds all Federal, State and Provincial VOC requirements as it is made from organic plant matter. Therefore, it is EPS compliant, and Non DOT regulated
